J.C. DECISION DUE TUESDAY

Requires OK of Two Voters of Every Three

Tuesday is "C" Day.

"C" is for College

The College is the Grossmont Junior College that will be built on the site already chosen on a hilltop overlooking the El Cajon Valley.

In June, only 58.6% of all L.G. voters approved the issue and in S.V. 66.4% approved it. Lumped together, voters, equal to 65.5% of the total, said OK.

The entire district missed passing the issue by a trifle more than 1%.

Each of the 79,980 voters of Grossmont College District has received a card this week from the San Diego County Registrar of Voters, informing him of the location of the polling place where he can vote in a sptcial bond election Sept. 18. A voter who mislays his card may call the office of the Registrar of Voters. If the voter knows his precinct number, he may get that information from the Boosters for Building Grossmont College headquarters at 465-1981. Polls in each of the 62 precincts will be open from 7 a.m. to 7 p.m. Sept. 18.

HOW ISSUE READS

The issue which voters are being urged by Boosters for Building Grossmont College to approve by 66 2/3% reads as follows:

Shall the Grossmont Junior College District incur a bonded indebtedness in the principal amount of $7,500,000 for the following purposes (which are hereby united and shall be voted upon as one proposition): (a) the purchasing of school lots; (b) the building or purchasing of school buildings; (c) the supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature; (d) the permanent improvement of the school grounds; and (e) the carrying out of the projects or purposes authorized in Section 15811; (comprising the purchase of a site north of Katherine Street in Fletcher Hills and construction of junior college facilities thereon)?

In two previous elections the bond issue failed to win approval by small margins, athough an election to form the Grossmont College District won a favorable majority of almost three to one in 1960. This approval provided for formation of the College District and financing of a junior college program but not for the financing of a campus for Grossmont College.

OCT. 10 ELECTION FAILS

On October 10, 1961, voters were asked to approve $8 million in bonds for the purchase of two sites and construction of one plant for 2,500 full time students, but failed to do so by 42/3% Yes-votes numbered 12,804 and no-votes numbered 7,280.

On June 5, two measures on the primary election ballot were concerned with the college problem. One asked $7.5 million for purchase of one campus site and construction of buildings on it. Another asked for $500,000 to buy a second site to hold for future development. The first was short of the necessary 66 2/3% majority by 1.1%. The vote count was Yes-30,508 and No-16,092. The second measure gained 57% of total votes cast. Yes-votes were 24,947. The no-votes totaled 18,829.

Voters who need transportation to the polls may call Booster headquarters at 465-1891 or 465-1475.

Former L.G. Man Aids In Air Crash

Jerry Hutchinson, son of Patricia Hutchinson, operator of Patricia's dress shop on Broadway in L.G., was one of the first persons on the scene at the tragic aircraft accident last week where the Mt. Helix couple died.

Hutchinson, a pilot with United Airlines, visiting his mother for a few days, flew a light plane from Gillespie Field and was one of the early arrivals in the area where the William R. Clark family was found.

He maintained communications with the Air Force facilities until a ground party arrived. He said his plane circled the scene for two hours.

Hutchinson and his wife, the former Carolyn Oliver of Lemon Grove, live in the L.A. area.

Promote Campus

The Grossmont College Faculty Association voted unanimously to contribute $10 each toward publicizing the need for a Grossmont College campus.

At a meeting last week, the group thus pledged approximately $600 to aid in the campaign to convince voters they should vote Yes on September 18th at a special bond election of $7,500,000 to build a college campus in Fletcher Hills.

Drivers Don't See, Haider Tells Club

Paul Haider, 7216 Pearson, Vista La Mesa, an examiner for the Department of Motor Vehicles, told the L.G. Men's Club Friday that the accident rate in California could be cut in half if drivers were courteous.

He related some of the amusing incidents examiners faced as they give drivers' tests. An elderly lady was criticized during her test for riding the brake with her left foot while accelerating with her right in a car with an automatic clutch.

On the more serious side, Haider said that one of the most common conditions was the inability of drivers to see. "They have average vision but the vision apparently makes no impression on their consciousness," he said. He explained that drivers recall the stop signs, the double lines, the crossing vehicle and other things requiring a reaction but the message never gets to their brain.

Haider said that rear-end collision account for 47% of all accidents in California.

He said the five-year drivers' license for no citations was a good incentive for better driving.

The Men's club meets every Friday noon at Michael's and is open to the male populace, according to Jim Spears, club president.

Spears, a plane owner and pilot, said the program this week would be provided by Vance Breise, a youthful flying instructor and parachute jumper. Briese will explain the gentle art of changing speed and direction in the free fall of a sky diver.

Dismissal Given In Market Fire Court Case

A charge of fire-setting against a former Monterey Heights market operator was dismissed Tuesday by Superior Court Judge Edgar Hervey.

A sheriff's complaint that Mac Lewallen, of 8550 Gateside, L.M. may have started the fire which did considerable damage to Mac's Monterey market, Nov. 26 had brought Lewallen to court in a jury trial. His market at 1827 Englewood dr., L.G. suffered two fires within a year's time.

Claude Brown, deputy prosecuting attorney told the court that "an essential witness was out of the state and couldn't be served with a subpoena." He requested a continuance but Judge Hervey dismissed the case instead.

Lewallen sold the market after the fire and is now in the food business in La Mesa.

BOYS ADMIT TAKING TWO CARS IN DAY

Jack Richard Akin, 16, 9188 Rosedale dr., S.V., was arrested at his home in company with Jack Russell Davis, 17, for the theft of two cars the afternoon of Sept. 6. They were taken into custody the same day at 11 p.m.

One car belonged to Mrs. Mary F. Garcia, a '55 Chevy, taken from her residence, 1259 Elkelton, S.V., at 4 p.m. The other car, a '57 Chevy belonged to Kermit Olson, 1115 Carlsbad, S.V., and was taken from the S.V. Shopping Center, Jamacha blvd., S.V. by Davis, at 6:15 p.m. after it was fingered for him by Akin.

The thefts were admitted and both subjects were taken to Juvenile Hall.

FOOL'S NAME

The names of "Bill" and "Bob" were all but permanently inscribed in paint on the new blackboards in the Sunnyside school on San Miguel rd. one night last week.

W. J. Haas, a contractor who lives at 3575 Massachusetts, L.G. told sheriff's men that juveniles used paint and paint thinner to decorate the newly-set blackboards with finger painting.

Hass said he was damaged to the extent of $150.

STOLEN AUTO DAMAGED

Discovery that the '61 Corvair automobile belonging to Priscilla M. Scharer had been taken from the parking area in front of 3135 Imperial ave., L.G. was made at 5:20 p.m. Sept. 6, while Mrs. Scharer was at work, she reported to the Sheriff's Dept.

Investigators later found the car in S.D. in a damaged condition.

A youth driving the stolen car failed to yield to a red light and siren and pursued by the sheriff's unit lost control of the vehicle, jumped out of the car and ran. He was caught and placed under arrest.

SUFFERS $310 LOSS

William Looney, 40, 3428 Harmony ln., S.V. reported to the Sheriff's Dept. that while he was in his home asleep, one night last week, an unknown entered his open garage and took an outboard motor, an electric drill and a gray toolbox. Loss was valued at $310. Names of two juvenile sus-

Registrations At JC Total 2,062; Up 501

Grossmont College can expect a full-time student enrollment of more than 3,000 students in less than 10 years, according to Grossmont grade school figures based on a San Diego County Department of Education survey.

The total number of students at Grossmont College in the 1971-72 year will probably reach 7,500, according to college President John S. Hansen.

In its first year, 1961-62, the new junior college had an enrollment of 634 full-time students and 904 part-time students. These figures included 895 daytime and 666 nighttime students. Last week, at 1962-63 registration, 1,339 full-time and 723 part-time students had registered for a total of 2,062 or an increase of 501.

The enrollment forecast for 1963-64 was for 1,277 full-time students until last week, and this may now have to be revised upwards. The other forecasts for full-time enrollment were: 1,676 for 1964-65; 1,922 for 1965-66; 2,125 for 1966-67; 2,339 for 1967-68; 2,487 for 1968-69; 2,936 for 1970-71, and 3,250 for 1971-72.

A full-time student in a California collegiate institution is one who is enrolled for 12 units or more. The total number of day students represents a number greater than the number of full-time students. This fact, plus an equivalent growth in the number of evening students, accounts for the 7,500 figure given by President Hansen.

Under the Master Plan for California schools, the San Diego area has one of the largest projected rates of increase of high school graduates between now and 1975. When the Master Plan was adopted, the planners also singled out San Diego as one direly in need of more junior college facilities.

The DIMMER VIEW

There's A College In Your Future

Now comes the moment of truth with regard to a junior college.

Two-thirds of the total of all the votes cast Tuesday must approve the college bond issue or it will fail.

There are those who oppose the issue because they simply don't want more bond obligation. There will be those who oppose it because they want no college. And there are those who fear the cost in taxes.

All of these are genuine determinations but hardly valid. Let's see why.

The added bonded indebtedness of property within the college district will well be offset by added value. As a measuring device, consider how much less value your property would have if there were no high schools in the district.

There are those who want no college just because it is another building that will house professors, administrators and students, but let us assure you that the day of the college is here. Under the drive of world pressure for more scientists and mathematicians, we are going to have a college whether we supply it ourselves through local determination or with our own money through federal control. As we are learning, it isn't federal money, it's **our** money. Or more precisely, federally controlled local tax money.

More taxes? Not really. The bond issue Sept. 18 is for $7½ millions on which 3 millions in interest will be paid in 20 years. A $300 per student building-use fee the district must pay to SD City colleges amounts to $15 millions in 20 years. Formula: $300 building use fee X 2,500 college student average X 20 years equals $15 million.

The operational costs of the college should decrease as the student load grows. Therefore, tax for operations will be less than it is now each year for the next several years.

If your present tax bill is as high as you want it, we've got the answer for that too. While taxes on the junior college bonds will be about 17c for each $100 assessed valuation, the total tax bill will be considerably lower this year than last.

Here is where taxes have been cut this year. County general, down ½ cent; L.G. Fire District, down .073; S.V. Fire District, down .315; Helix Irrigation District, down .02; Grossmont hospital, down .024; Lemon Grove elementary school district, down .09; Spring Valley elementary, same except for .01 retirement fund, and Grossmont Union high school district, down .021.

No matter what part of the district you live in, your tax bill will be substantially lower although you vote "yes" for building a junior college campus in the district.

Psychiatric Tests Suggested For Those Who Lead Children

One of the more rewarding assignments taken on by the keeper of this column is serving on the Heartland program committee of the Y.M.C.A.

The group, under Dr. John Thomas Warburton, assistant superintendent of the Grossmont high school district, is exploring means of directing the energy of early-teen youngsters into areas where mischief and lawlessness are less likely to thrive.

Such service provides a platform for studying an insidious outgrowth of burgeoning juvenile programs. . .that of controlling incompetent leaders of youth activities.

Too often, instructors or coaches usually performing without compensation mostly because they couldn't qualify as a

Grossmont Junior College Problems

Here Are The Questions . . . and the Answers

Q. Can we avoid paying for the construction of junior college facilities here in our district?

A. Yes, if we are willing to pay $15 million in building use fees for 2,500 students annually over 20 years. We can save $4.5 million by building the college here at a total cost of $10.5 million which includes bonds and interest.

Q. Admittedly we can save $4.5 million by building facilities here. How will our current operation cost compare with sending students outside the district?

A. Judging from the fact that Grossmont College's first year operation costs were substantially less than first year costs of operation of any other junior college recently established and because Grossmont Union High School District expenses have been consistently below the state averages, it may reasonably be predicted that the Grossmont College current operation cost will be less than the tax bill for sending students outside the district.

Q. Is it true that junior college scholastic requirements are maintained at a high level?

A. Emphatically yes. Scholastic requirements at Grossmont Junior College are the same as at a four-year institution. Records show that junior college students who transfer do as well or better in the four year colleges, as do students of equivalent ability. Because students must maintain a C average or better, or be dropped, our junior college is not a place where a student can loaf for two years.

Q. Is it feasible to continue to operate a junior college using high school facilities in the late afternoon and evening?

A. No. Unless a separate campus is provided for Grossmont College, future students will be unable to use credit when they transfer to other collegiate institutions. Accreditation of the existing program at Grossmont College is only temporary pending construction of college-level facilities here.

Q. Is the Fletcher Hills site the best location available?

A. It was found to be the best site available at reasonable cost to serve present concentrations of population after careful study by the engineers who compared it with two other sites selected by a committee composed of 35 citizens representing the entire district.

Q. Couldn't we get along with 50 or 60 acres for the college?

A. The state recommends 160 acres for a junior college. After careful planning and study we have been able to provide a junior campus for 4,000 to 6,000 on only 132 acres.

Q. Is the Fletcher Hills site really accessible?

A. Yes! The county will build a road this fall linking Lake Murray Boulevard near Parkway with Mission Gorge Road at Fanita Drive. It goes right by and borders this junior college campus. In response to need, the San Diego Transit System has said it would provide public bus transportation to the college.

WHAT ARE FUTURE ENROLLMENT PREDICTIONS FOR GROSSMONT COLLEGE?

Based upon current school enrollment figures for the Grossmont area and upon conservative estimates of population growth in this area, the following enrollments of day students in Grossmont College are anticipated:

College Year	Estimated Total Enrollment of Day Students at Grossmont College
1961-62	895 (actual)
1962-63	1,500
1963-64	1,800
1964-65	2,400
1965-66	2,800
1966-67	3,100
1967-68	3,400
1968-69	3,600
1969-70	3,800
1970-71	4,200
1971-72	4,700
1972-73	5,200
1973-74	5,500

IF THE BOND ISSUE IS APPROVED, WHAT WILL THE TAX INCREASE BE?

The actual tax increase would

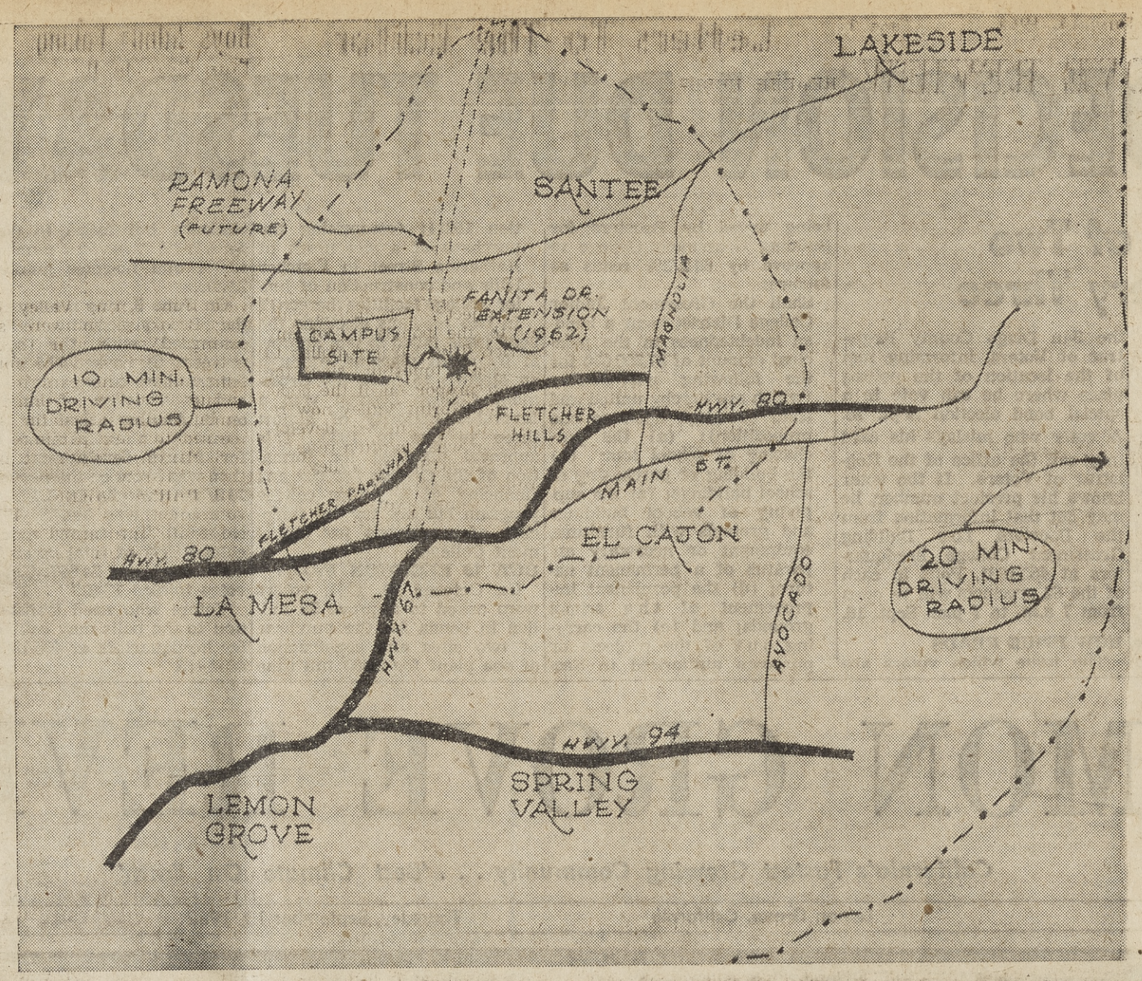
Members of the Lemon Grove Woman's Club will hold their first meeting of the year on Sept. 14 at 12:30 p.m. at the clubhouse at 2810 Main st. The event will be a potluck-social. Board members will have a special meeting at 9:30 a.m. and will stay on for the potluck-social.



COLLEGE LOCATION — Map here shows driving time from each of the communities surrounding the proposed Grossmont junior college. Although not centrally located, the 132-acre site is less than 20 minutes driving time from any area from which the college should draw. If the geographic center had been chosen, site probably would have been at Grossmont summit.

Need Cited For Junior Colleges By U of C's Kerr and York

Enthusiastic support of a $7,500,000 bond issue to build a Grossmont College campus has been voiced by President Clark Kerr of the University of California and Chancellor Herbert York of the University of California at San Diego.

The bonds will be voted on Tuesday, Sept. 18.

In separate letters, President Kerr and Chancellor York said they share a deep concern for the fate of the state's junior colleges.

Dr. Kerr wrote:

"I was greatly interested to learn that Grossmont district will vote on bonds for permanent facilities for Grossmont College.

The great need for more college and university campuses in California is clearly indicated in the Master Plan for Higher Education. Metropolitan San Diego is one of the areas in critical need. The Master Plan recommended development there of a general campus of the University of California which is now underway. It also emphasized the need for additional junior colleges.

As the Master Plan states, California public junior colleges must play a significant role in participation with the university and state colleges. Otherwise, as the number of young people increases greatly in the years ahead, qualified youth may be denied higher education opportunity.

The junior colleges have demonstrated that, given adequate facilities and operating funds, they can fulfill their responsibilities admirably both in preparing transfer students to four-year institutions and in two-year terminal education.

It is to be hoped that the state, in accordance with Master Plan recommendations, will provide a major measure of financial support for the junior colleges.

I join the Grossmont Citizens Committee in the hope that the voters of the area will act favorably on the proposal for a permanent campus for Grossmont College. And I invite you to make known my views in any way which may support its passage."

In his letter, Dr. York stated:

"The eyes of the educational world are on California as it enters the third year of the operation of the Master Plan for Higher Education in California. Here is a State which has said that the problems of rapid population growth and the imperative demand for quality in higher education can be solved in a sensible, economical manner.

The Master Plan recognized the fact that three elements are involved in public higher education in this State. These are the State colleges, the University of California, and the junior colleges. Each has a unique role to play. If one segment fails to meet its obligations, the others suffer.

For that reason, the University shares a deep concern for the fate of the junior colleges.

Nothing Complex In Junior College Ballot Language

San Diego County Registrar of Voters Charles J. Sexton this week explained wording on the Grossmont College bond issue which some voters said they found ambiguous.

The voters will go to the polls Tuesday, Sept. 18, to vote on a $7,500,000 bond issue to build a Grossmont College campus.

The ballot states that "proceeds of the bond issue may. . . be expended for any of the purposes specified in Education Code Section 21701 which are included in the bond proposition as specified in the notice calling for the election."

Sexton noted that this section of the Education Code is quoted in all school bond elections. It is part of Article I, Purpose for which School District Bonds may be Authorized; Authority for Elections. The title of Section 21701 is Authority and Duty of Governing Board to call for board elections.

The Grossmont College board of trustees specified the following purposes listed in Section 21701 to be placed on the ballot:

1. The purchasing of school lots.
2. The building or purchasing of school buildings.
3. The supplying of school buildings with furniture, equipment or necessary apparatus of a permanent nature.
4. The permanent improvement of school grounds.
5. The provision of sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from school property.

These are the only purposes for which the $7,500,000 bonds may be used by the Grossmont board, Sexton stated.

MRS. KISS AND BROTHER BUSY AT FLORAL SHOP

Modern-thinking Mrs. Ann Kiss, new co-manager with her brother, Frank Palazzolo of Lemon Grove Florists, said they plan remodeling and redecorating of the firm but that they won't lose a moment of business time in the process. Painters, for example, have agreed to do their work at night.

Also **Mrs. Kiss** proposes something for the firm that certainly all florists don't have. Soon there will be a consultation room where patrons can sit and drink coffee while the transaction is going on. Ann thinks this will work out especially well for the bigger transactions when clients tire of standing.

When **Mrs. Kiss** and her brother took over lately, they started offering 24-hour flower wiring service, not at all certain it would work out. She was happy to report that some 13 phone orders were placed just during off-hours in the first week. Their phone is 463-8822.

TWO-WAY MIRROR MAY CUT DOWN RECORD LOSS; "PI-TAPES" GOING ABROAD

Leo Cochran operated his record shop on Broadway in 1961 with a profit figure from which $3,800 was subtracted. This amount represents theft by patrons, probably mostly the younger set, Cochran said.

No wonder, then, that he and his son, who does most of the running of the shop are enthusiastic about their newly-installed two-way mirror at the rear through which patrons can be observed (in the act of stealing)?

The record shop has its difficult moments, but another phase of Cochran's business operations is going ahead in a big way. With **Cochran, Grant Hadley** runs Pi-Tape Co., a firm at 7952 North ave., L.G. A Pi-Tape is a device for measuring the diameter of a round object without having to climb to the top of it or cutting it in half. Lately **Cochran** and **Hadley** got new orders for their instrument from Scotland and Israel. Inquiries have been coming in from other distant parts of the world. They advertise nationally.

BWL TO BUY NEW DECORATIONS FOR PLAZA XMAS TREE

Mildred Huebsch, a Grovan-about-town and a member of the Business Women's League said the group plans to buy all new decorations for the big tree in the plaza that is adorned yearly. She said the same decorations have been used yearly for quite a few years. The money will come from the prize money of the BWL bowling league. Winners of the mixed league automatically give the money to the BWL fund for community projects.

Mildred said she's heard plenty of good comments on the downtown lighting. She said that the litter situation can stand some improvement however.

paid leader, set bad examples. These examples stick with the youngsters all of their lives.

Why do so many unqualified persons choose this arduous field? Because it gives them a degree of authority they are unable to command in work-a-day life. They may vent their spleen against youngsters, usually with impunity, in a manner they dare not use against their spouse, their boss, or even their neighbor.

We have heard coaches of juvenile baseball teams using profanity on umpires, and indeed, even on the little charges to whom they should be giving better leadership. We have a first hand report of an amateur athletic instructor slapping a little girl because she complained of being ill after performing poorly in competition.. We know of a swimming coach who abused with profanity a mother and her little children.

Such unrestrained authority injures morally more than it helps physically and must be brought under control!

Interestingly, the California Penal Code provides a misdemeanor penalty for anyone guilty of using profanity in the presence of women or children and upon conviction they may be sent to county jail for as long as 90 days and fined as much as $500. Too few parents use the provisions of this law. Slapping children may bring a felony charge.

The Y.M.C.A. Heartland Committee will continue to meet with experts in the juvenile field right on through the fall season and some much-needed programs may result.

Meanwhile, we as newspaper publishers, are asking for state legislation by which leaders, teachers, or coaches not accredited as such, must pass an examination under the direction of the Calif. Dept. of Mental Health to see if they are mentally stable before they are permitted to be unleashed on impressionable, youthful humans.

Letters To The Editor

READER FEELS POLITICIANS USE BIRCH SOCIETY AS VOTE-GETTER AND AVOID REAL ISSUES

Dear Editor:

Are our politicians a bunch of sheep or do they think we voters are? Every day at least one candidate makes a big to-do of repudiating or asking another to repudiate the John Birch Society. Big deal! Does anyone remember what footballs they kicked around to avoid the real issues before they discovered the Birch Society? The great debates of 1960 consisted mostly of what-to-do about Quemoy and Matsu. So what has been done about Quemoy and Matsu? They are still there, although almost forgotten by our candidates now that they have a new issue to exploit.

The Birch Society doesn't need repudiation any more than does the D.A.R., American Legion, Kiwanis Club or Chamber of Commerce. But everybody's doing it and most of the voters don't know what it is, son, but it looks good in print. "No need to bother researching to determine the nature of the Society or to repudiate an organization the voters never heard of, which really is a threat to the Nation," so think our politicians, apparently.

Well, boys, I am not satisfied; your repudiation of the Birch Society is not adequate qualification to gain my vote. Like Quemoy and Matsu, I figure the Birch Society will still be around whether you win or lose this election. So what is yous position on taxes, foreign aid, unemployment, narcotics, the National Debt, Social Security, Federal Aid to Education, Medicare, disarmament? Do you consider our Constitution outdated? Should our Armed Forces be merged, muzzled, turned over to U.N. control? What is your position on World Government?

Mr. Candidate: if you expect to be elected, tell us where you stand on the issues of importance to our welfare, freedom and security. We want the opportunity to determine for ourselves whether you are qualified to handle the office you seek. We voters are not sheep nor do we intend to elect one. Time is growing short.

Sincerely,
(Mrs.) Neva Kindred,
8685 Tyler,
Spring Valley, Calif.

OBJECTION RAISED TO LIQUOR LICENSE FOR 9033 CAMPO RD.

Dear Editor:

Many of the residents of Spring Valley, more especially those living in the immediate vicinity of 9033 Campo rd. (formerly Speedee Mart), for which premises an application for a liquor license has been filed, feel that the issuance of such a license is wholly unwarranted and would tend to not only increase already existing problems but create new ones. Living in what for the most part is a residential area, these residents are acutely opposed to another outfit dispensing intoxicants in their midst. Directly across Campo Road is an establishment operating under a similar license and not far from it is still another, beside which there are two markets selling beer and wine and not far from them is a store which deals in packaged liquor.

It appears that licenses for the sale of alcoholic beverages are subject to issuance according to the population of any district. This hardly applies to the area in question, since the greater proportion of the population of Spring Valley now resides in the newer developments in what is often referred to as South Spring Valley (La Presa, etc.), where thousands of new homes have been built. Being a widely spread district, Spring Valley should not be considered as a whole where the quota for liquor establishments is concerned, since some areas are more densely populated than others.

Furthermore, the Spring Valley Elementary school, located on Spring Drive, is close to the premises under consideration and the majority of residents feel that this one factor alone should be of sufficient importance to warrant a denial of the issuance of a liquor license to the applicants.

The argument has been advanced that the proposed freeway, cutting off a considerable portion of the residential section, would eliminate any future problems resulting from another liquor establishment in the area. What is lost sight of is that in the interim, a period of anywhere from two to three years or more before the freeway is completed, the traffic hazards already existing at Campo Road and Spring Drive, together with the recognized tendency toward reckless or erratic driving on the part of some of the people leaving establishments of the sort in question, would be doubled. This also applies to the children who daily walk past the premises on their way to and from school and elsewhere.

The expiration date for filing protests with the Department of Alcoholic Beverage Control is September 13. A hearing will doubtless be on the agenda after that and it is hoped that as many residents of Spring Valley as are opposed to the issuance of a license for another liquor establishment in this area will attend.

pects, known to have committed previous thefts, were given.

COPS NAP 'SKYLARKERS'

Four juvenile boys between 15 and 16 years, were apprehended in the 4000 block of Kenwood dr., S.V., at 1:05 a.m. Sept. 1, on a charge of curfew violation. Three of the youths were from Spring Valley, one from Brookside, and were "skylarking." When a sheriff's unit arrived the boys were found hiding under the cars in the vicinity. They were taken to Lemon Grove sub station and released to their parents.

"Skylarking" relates to boisterous frivolity.

CAR PARTS TAKEN

Richard L. Wheeler, 47, a real estate agent at 7695 Church st., L.G. reported that his '61 Corvair parked in the driveway had been entered last week by unknown persons who removed two radio knobs, and a cigarette lighter. Loss $15.

CHARGED WITH TAKING TIRE

Elbert Thomas, 16, 8318 Robbie way. L.G. in company with Sidney Craig, 17, were arrested at 11:45 p.m. Sept. 3 at 8301 Golden ave. on complaint of Carolyn K. Dunham, who charged that they had taken a tire from her car. The tire and five lug nuts were found in the suspect Thomas' car.

STOLEN CAR FOUND ON HIGH SCHOOL PARKING LOT

Otis Gerald Bates, 40, 1155 Stoneridge dr., S.V. returned from a vacation Sept. 4 to find his car gone and the house ransacked. The automobile was recovered at the Mt. Miguel High school parking lot. Nine keys were found in the car that Michael C. Callery, gardener stated did not belong there and seven keys were in the glove compartment.

VACATION HAUL

Richard Carr, 52, 3334 Calavo dr., S.V. reported his home was ransacked while the family was on a vacation. The haul amounted to $300 and included: a womans gold wedding band, a gold ring with three diamonds, a lady's watch, a clock radio, an electric drill, electric hairclipper, and $5 in change.

Two large bottles of Coke had been consumed by the intruder.

CHECKS BOUNCE HERE

Bad checks were issued to Bob Kerrigan's Liquor Store, 2855 Imperial, L.G. amounting to $12, and to L&R Auto Parts, 3504 Main st., L.G. amounting to $250. Clifford Dean Collins. 18, a stepson of Sandy Sanborn, a friend of Kerrigan, presented the first named check. Chaney Morrow was the name on the big NFS check.

CHILD MOLESTED

Steven Cuero, 58, 3629½ Olive, L.G. was arrested at 10:20 a.m. Sept. 5, and taken to the county jail on a charge of child molest and drinking. The arrest took place in front of Cuero's house and he was reported to have been drunk and attempting to molest a small child in the neighborhood.

General Humanities To Give Better Balance In GJC Program

Grossmont College has its full complement of science and math courses but also is developing a program in the humanities to give balance to the curriculum. "Today, no one needs to defend science and mathematics courses," reported Grossmont College President John Hansen, "but often we must champion our offerings in music, art, philosophy, literature or what is often called the general humanities."

Beginning this fall semester, Grossmont College is offering a course called Arts of the Western World, pulling together in a single picture the development of religion, philosophy, art, music, the dance, and literature down through the ages. It is taught by John A. Saetti, a San Franciscan who first secured his bachelor's degree in humanities at San Francisco State. Then he traveled abroad to study art and music at the University of Florence in Italy. He returned to secure his Master's degree at San Francisco State last June but returned to Europe for a summer of study before assuming instructional duties at Grossmont College.

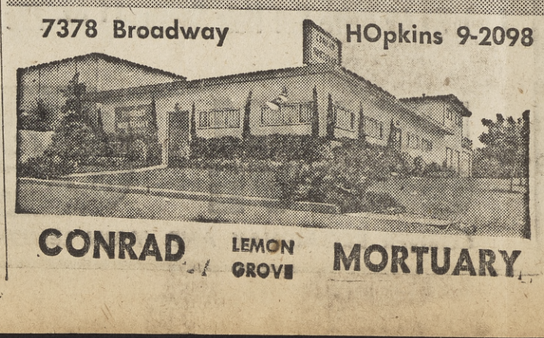
GOD'S MINUTE

REV. H. C. BAKKEN

"HOLY SPIRIT"

The Holy Spirit's next step in bringing us to faith is to get us to commit ourselves to Christ and trust in that which He has done for us. This is what faith is. Faith is trusting one's soul's salvation to the redemptive work of Christ.

Lemon Grove Lutheran Church Message



VIEW FROM A HILL — This is the view of Santee as seen from the 132-acre site of the proposed new Grossmont Junior College. Bond issue on which voters will decide Tuesday is for $7½ million dollars with which this site will be purchased and college facility will be built. A two-thirds majority is needed to pass.

Detzer Sermon Based On Luke

Dr. Jordan E. Detzer, pastor of the Lemon Grove Methodist Church will give a sermon entitled "A Journey Few Men Take," on Sept. 16. It is taken from Luke 18:16. There are two services—one at 9 a.m. and the other at 10:30 a.m., with church Sunday School at both times.

On Sunday the Junior and Senior MYF groups meet at 6:30 p.m. at the church and at 7:30 p.m. the Wesley Fellowship group meets. On Sept. 13 at 7:30 p.m. the WSCS general meeting will be held and the guest speaker will be Dr. Wayne A. Neal, executive secretary of the San Diego Council of Churches.

On Saturday morning at 8 the men's club will have a work day beginning with a breakfast. The church urges all men to come out and help.

Avondale Teachers To Be Introduced To PTA

The Avondale Elementary School PTA will hold a meeting at the school at 7:30 p.m. on Sept. 18 in the multipurpose room. Teachers will be introduced at the meeting, and parents will visit classrooms where teachers will explain the coming curriculum.

The PTA announced that help is needed from all parents on the Avondale Carnival, plans for which are "zooming along."

There will be a movie, "Stormy, the Thoroughbred" on Sept. 15 at 1 p.m. at the school. Several cartoons will be shown too. Admission will be 25 cents.

Music Classes Expanded This Year at GJC

Classes in orchestra, choir, concert band, chamber music, and music theory are being given at Grossmont College again this fall. According to Daniel Lewis, director of the instrumental music program at the college, "performance groups will be emphasized more than last year."

Although we had an excellent concert band, four chamber ensembles, and a fine choir last year, the groups were not large enough to program the bigger concert works. This year, however, we hope to combine vocal and instrumental forces to present several of the masterworks of Bach, Handel and Mozart in performances open to the public."

Lewis, who also conducts the Sherwood Hall Orchestra of La Jolla and performs as violinist in the Modern Arts String Quartet, announced that the drama and music departments of the college plan to combine efforts this year in the production of an operetta or one of the better musicals.

Missionary Society At Casa De Oro Discusses Christianity

The Women's Missionary Society of the Casa de Oro Baptist Church met Tuesday evening in the lower auditorium of the church for an interesting session including a panel discussion on a vital subject, Christian living and Christian responsibility in a community. Fellowship and refreshments concluded the evening.

The College - High School Youth group enjoyed a barbecue on Friday evening at the home of Mr. and Mrs. Max Anderson. This evening of fellowship officially closed the summer series of activity nights for the group.

The Junior High Youth group summer series also closed this week and regular meetings resumed Sunday. Ed Peterson, a student at Fuller Seminary was the guest speaker at the Sunday evening meeting.

SCHNIEDER TEXT TO BE BASED ON GALATIONS

Rev. Norman Schnieder, pastor of the Atonement Lutheran Church, Campo rd. and Cordoba st., will take his text from Galations 3:15-22 for the Sunday, 9 a.m. worship services. He said everyone is welcome to attend. Rev. Schnieder and his wife, Rose arrived in Spring Valley Aug. 21.

'Substance' C.S. Sermon

The spiritual foundation of true peace and brotherhood will be set forth at Christian Science church services Sunday in a Lesson-Sermon entitled "Substance."

Featured in the Bible selections are a number of passages from the Book of James, including these: "Who is a wise man and endued with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom. . .And the fruit of righteousness is sown in peace of them that make peace."

The following will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 467): "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

Palm Jr. Hi PTA To Back Sabin Program

The Palm Junior High executive board of L.G. met at the school Tuesday with Mrs. Vernon Linden, president, presiding.

Plans for the coming year include the support of the Sabin project on Sunday oral vaccine clinics. The board was reminded of the sale of the PTA magazines.

The executive board will hostess a dinner for the faculty and their wives or husbands respectively, Sept. 20, in the school auditorium.

The first PTA meeting will be held in October at the Palm Junior High school auditorium.

range from a maximum of 18c per $100 assessed valuation to a minimum of 5c over a twenty-year period—or an average increase of 11c. This estimated tax increase takes into consideration the cost of bond interest (approximately $3 million) as well as the $7.5 million principal (total $10.5 million).

For a home with an assessed value of $5,000 which would have a current market value of about $20,000, the increase in taxes would be about $5.50 annually or less than 50c monthly. The taxes to be paid as a result of failure of the bonds would amount to over $15 million over a twenty-year period or about 75c a month or $9 annually on a home assessed at $5,000.

HOW WILL TAXES BE AFFECTED IF THE BOND ISSUE IS DEFEATED?

Taxes must be assessed to cover fees for students from the Grossmont District to attend other neighboring junior colleges including payment of current operation costs (approximately $600 per student) and a building use fee ($300 state maximum) for each student. Pending passage of the Grossmont College building bonds, other junior colleges have not charged the $300 maximum building use fee in all instances. However, if the Grossmont District fails to provide a campus for its students, other junior colleges would have no economic choice but to impose this maximum fee. Officials of the San Diego Unified School District have definitely declared that the maximum allowable fee will be charged to the Grossmont District in the event that adequate campus facilities are not provided with the Grossmont District.

Therefore, if a campus is not provided within the Grossmont District, at least 2,500 students annually over a 20-year period will attend neighboring junior colleges. The cost of paying the building use fee alone for these students would be $15 million (2,500 x $300 x 20 years, or an average tax increase of 17c per $100 assessed valuation.

DO WE ACTUALLY HAVE TO TAX OURSELVES FOR BOTH OPERATIONAL COSTS (TUITION) AND BUILDINGS EITHER HERE OR IN OTHER DISTRICTS?

Yes — this is by state law. Section 20201 of the Education Code requires payment for current operation costs plus a property use fee of $300 per student annually for all areas not in a junior college district. Voters in a junior college district avoid this automatic levy by building and operating a local junior college or by contracting with a neighboring junior college. The San Diego district will continue to accept our students only if we pay current operation costs and a $300 per student per year property use fee. This $300 fee is the reason why we can save at least $4.5 million over the next 20 years by approving bonds for the construction of a campus for Grossmont College.

HOW DO THE ESTIMATED COSTS FOR CONSTRUCTING GROSSMONT COLLEGE COMPARE WITH OTHER COLLEGES?

College construction costs are most meaningful when compared on a per student basis. The plan to construct facilities for 2,500 full-time students at Grossmont College for $7.5 million represents an estimated per student cost of $3,000. The state average cost for recent junior college construction is $4,000 per student. Grossmont District school planners believe that a quality campus can be constructed at the lower figure based upon their extensive experience in planning and developing suitable high school facilities at minimal cost.

WHAT IS THE SPACE ALLOCATION FOR SEPARATE DEPARTMENTS OF THE COLLEGE?

Preliminary Gross Figures which are being utilized by the architect for master planning purposes are as follows:

	Square Ft.
Academic Center	60,720
Math, Science, Technology	71,280
Fine Arts Center (incl. auditorium)	58,240
Physical Education Center (men & women)	40,000
Student Services Center (incl. cafeteria and bookstore)	27,000
Administration (incl. counseling offices) 18,500 Library (incl. area for communications materials as related to the total instructional program)	45,000
Total	320,740

MOST INSTRUCTORS HAVE MASTERS' DEGREES AT J.C.

Thirty-seven of the 42 full-time instructors on the Grossmont College staff have achieved master's degrees, and the staff boasts an average of eight years' teaching experience.

This unusual depth of education and experience in a junior college faculty was disclosed this week in a survey of the Grossmont College personnel as the 1962-63 year opened. The faculty, averaging in the mid 30s, also is a young one.

A wide variety of colleges and universities across the country is represented in the faculty's graduate work. Among the universities are: California, Stanford, Arizona, New York, Oregon, Utah, Minnesota, Northwestern, Nebraska, Oklahoma and Ohio. Among the colleges are Claremont Graduate School, San Diego State College, Oregon State, Worcester (Mass.), Polytechnic Institute, Colorado State and King's College in Pennsylvania.

A number of the faculty members have studied in Europe. Master of library science degrees are held both by Librarian Thomas Hepp and Assistant Librarian Frances Rauch.

Master's degrees in arts, science or fine arts are held by the following:

Donald Anderson, business; Martha Ashworth, business; Alan Campbell, philosophy and psychology; William Carden, biological science; Mrs. Ruth Coover, French and German; Robert Danielson, English; Leeland Engelhorn, history and political science; James Erkenbeck, physical education; Mrs. Barbara Faber, English.

Arthur Fitzner, business and economics; Martin Gerrish, drama and speech; Mrs. Jacquelin Hall, history and political science; Alvin Hanson, architecture, art and engineering; Robert Holden, engineering, mathematics and physics; Marjorie Hyde, art; George Kirazian, English; Charline Lamons, English.

Carol Lebeck, art; Daniel Lewis, music; Jack McAuley, speech; Noel Mickelsen, physical education; C. H. Palmer, English; Van Phillips, speech and English; Ray Resler, earth science, mathematics and physics; Ray Reynolds, English and journalism; Donald Roper, anthropology, psychology and sociology; Robert Rump, physical education; Thomas Ruth, history and political science; John Saetti, English and humanities.

Morgan Shelley, health education; physical education; Mrs. Jane Spooner, English and speech; Robert Steinbach, mathematics; Dr. Fred Tidwell, business management training; George Washington, Spanish and English; Walter Whitmann, botany and chemistry; John Wilton, biological science; and Walter Yuhl, history and political science.

Engaged in graduate work are Dorothy Arnold, physical education; Vincent Alfaro, criminology; Gay Cox, physical education; John Holleran, chemistry, and Duane Gomez, electronics.

Marshals' Jobs Available Now

An examination through which young men may become deputy marshals to serve in S.D., Oceanside, El Cajon and S. Bay Municipal Courts will be held at the Dept. of Civil Service in the Civic Center, S.D.

Applications will be accepted through Sept. 20.

The jobs are open to men 21-33 years of age and pay $438-$587 a month.

Applicants must be high school graduates, weigh over 150 pounds and be taller than 5 ft., 9 in. and be able to pass a qualifying physical test.

EDUCATION WAITING LINE — Some of the 2,062 students who registered last week at Grossmont Junior College. Dean of Admissions and Guidance Laurance Coons said that the final enrollment should top 2,700. Last year the total was 1,561. Coons said that GJC will be larger than 25% of all California junior colleges. Last year GJC set a record with the biggest beginning enrollment of any junior college in California history.

Turnbull Takes Added Job As News Columnist

Lemon Grove actor Bob Turnbull continues his busy career with journalism as well as an actor.

Turnbull has agreed to write a "Hollywood Club News" column for The Strip News newspaper. The Strip News serves both the Hollywood and Las Vegas "strips." The niteclub sheet is one of the fastest growing papers of its kind on the West Coast. Turnbull's column covers the clubs, groups and organizations that work within the professional entertainment industry.

Turnbull's other two journalistic endeavors are the Hollywood Good News, a Hollywood Trade paper, and The Thalians Bulletin. The Thalians is Debbie Reynolds' charity group.

Turnbull recently finished a role in the new "Going My Way" teleseries at Revue Studios. He is the son of Dr. Amorita Treganza, 3415 Imperial ave. in Lemon Grove.

'Twas A Sad Affair . . . But Grossly Exaggerated

Ray Reynolds, English and journalism teacher at Grossmont College, received a large floral spray Wednesday, Sept. 4, from a college fraternity roommate he has not seen since graduating from Lafayette College, Easton, Pa., in 1940. The roommate, lawyer Edward Garretson of Perth Amboy, N.J., read in the Lafayette alumni bulletin that Reynolds had expired. Reynolds also received a card from the fraternity (Sigma Alpha Epsilon) seeking details of Reynolds' demise.

To the fraternity, Reynolds wrote, "I live—simply, but I live." To lawyer Garretson, he wired "Non habeas corpus, sed Habea flora."

His Latin, probably not more correct than the announcement of his passing, means "you may have the body, but I have the flowers."

GRIFFINS TO PAY FOURTH OF 'GATE' FOR USE OF HELIX HIGH AUDITORIUM

The Associated Students of Grossmont College will pay a rental of 25 per cent of the net gate receipts for the use of Helix Stadium for five home football games this fall, it was announced by the office of Dean of Student Affairs. The rental has been set by Harold Hughes, assistant superintendent of the Grossmont Union High District, and it is comparable to scale charged to high school student bodies for the use of the field, Grossmont reported.

"The ASGC have offered to run an athletic program that will be conducted without expense to the general tax payer and this rental is, in this respect, a fair charge for the use of the field," said Hughes.

The student body will pay also for the use of the public address system which was installed by the Associated Students of Helix High School.

State College Evening Fitness Program To Stress Relaxing

Course Director Believes Class Good For Heart

A fitness program designed for the 35 to 60-year-old man whose daily life offers too little physical activity, is being offered for the fifth year at San Diego State during the fall and spring semesters.

The twice-weekly evening course, open to the public, aims at improving general health and fitness, building resistance to fatigue, and encouraging true relaxation.

According to Dr. Fred Kasch, professor of physical education and director of the course, these is evidence that the program has a favorable effect on the cardiovascular system and serves generally to decelerate the aging process.

FEE IS $35

The group will meet Mondays and Thursdays in the Peterson Gymnasium from 5 p.m. until 6:15 p.m., beginning Sept. 24. Groups will be limited to a maximum of 40 and a minimum of 20 persons. The semesterly fee will be $35.

Kasch said the course will consist of an evaluation of each member's needs through tests of posture, flexibility, weight, heart, lungs and other physical aspects.

Individual programs will stress stretching and relaxing movements rather than activities demanding burst of strength, speed or skill.

At the course's conclusion each participant will be prepared to continue his own fitness activities independently.

BASED ON STUDY

Kasch initiated the program at San Diego State five years ago. He based it on a 25-year study of the heart and circulatory systems of both normal persons and cardiacs. He was previously director of physical education at the University of Illinois College of Medicine.

Kasch will be assisted by Dr. Ralph Grawunder, associate professor of physical education, and by Donald George and Tony Sucec, graduates in physical education.

Grove Golfer Racks Up His Third Hole-In-One

Charles Montgomery, partner in the Village Liquor and Colf Shop on Broadway at Main, became the first person in this area to have racked up three holes-in-one, as far as available records show.

The latest one came last Wednesday on the third hole of the Cottonwood course on Dehesa rd. He dropped his ace on the 161 yard par 3 hole.

In 1959, on the same month and day, he holed his drive at the Fletcher Hills course, then called Flying Hills.

His first ace came in 1950 on the Mission Hills layout.

Last week's hole-in-one came during a game in which LG's Dr. Calvin Nicholl; Montgomery's father, L. E. Montgomery, and his brother-in-law, Mario Bonapace of Dayton, Ohio, were participating.

The shot left all four players with their collective mouths agape, Dr. Nicholl reported.

The three-times-ace lives at 8417 Roy st., L.G.

Laws Elected President Of L. G. Little League At Awards Meeting

Chuck Laws was elected president of the Lemon Grove Little League at an awards meeting of this group on Sept. 10. He will serve the group this coming season, succeeding Jearlee Lowery.

Team awards were given at the meeting for victorious teams of the season and also to teams which were best in sportsmanship. In the Majors, the Indians were winning team; in the Intermediates, the Solons were champs; in the Minors, the Lions won.

In awarding sportsmanship trophies, Jearlee Lowery kept recipient teams a secret until the moment of presentation. In the Majors, the Cubs won. They also won in 1959 and 1960. In Intermediates, the Angels won and in the Minors, the Lions team got the sportsmanship trophy.

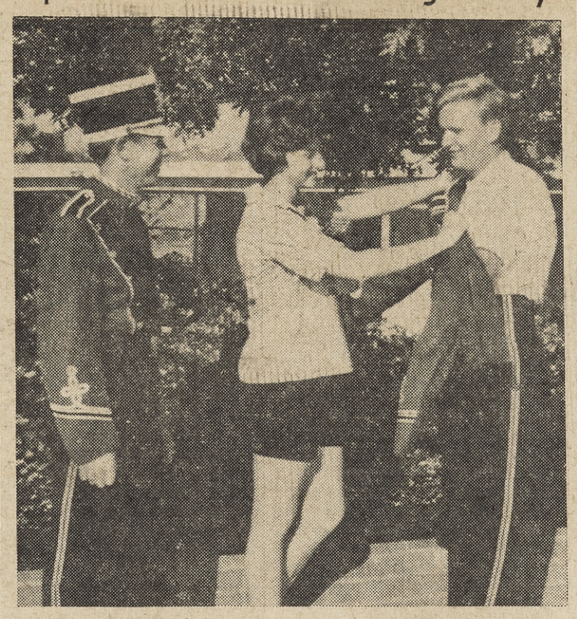
Other new officers for the coming year are Luke Corbett, vice president; Matt Hoskins, V. P.; Connye Darrow, secretary, and Mary Creighton, treasurer.

ASKS FOR REST HOME PERMIT IN LA PRESA

SAN DIEGO (CNS)—A public hearing on a request for a special use permit for a rest home in La Presa is slated for Friday morning.

Millie Thorben and Sarah Hamilton are asking the Planning Commission to permit a home for six guests at Grand ave. near San Diego st.

Top Matador Band Getting Ready



TO PLAY SEPT. 21 — The blue ribbon band at Mt. Miguel under Lawrence K. Christianson promises to be bigger and better than ever this year. Here Bob Clark (left), baritone sax player (this doesn't mean a baritone who plays sax), looks on as pretty Karen Dahl, flutist, helps Karl Miner, French horn player (this doesn't mean a Frenchman who plays horn), trys on the Matador red, black and white uniform. The trio is among some 150 young musicians at Mt. Miguel High school, 50 of them newcomers, who hope to be in Christianson's well-known musical organization.
First appearance of the year for the band will be at the Grossmont District Football Carnival on Sept. 21 at Aztec Bowl. On Oct. 13 blue ribbon Matador musicians will be in the Heartland Teen Parade in La Mesa.

Orientation Tea Slated By Juniors

The annual Orientation Tea of the Lemon Grove Juniors will be held on Sept. 18 in the home of Mrs. Warren Peterson, 3910 Violet st., La Mesa at 8 p.m., it was announced by Juniors membership chairman Mrs. Robert Mitchell.

"A cordial invitation is extended to women of the Lemon Grove community between 18 and 35, to join us on this occasion," Mrs. Mitchell said. Her phone is HO 6-9268.

Juniors president Mrs. Joseph Payson said that the Juniors wish to share with other local women the feeling of accomplishment they get through the group's projects for bettering the community.

"We have exciting plans for the coming year and the more helping hands we have, the more we will be able to accomplish," said Mrs. Payson.

Special guest for the Sept. 18 occasion will be Mrs. Wayne Meyers, president of the San Diego District of Federated Women's Clubs, Junior Membership. Her talk will deal with purpose and background of women's club endeavor.

Mrs. Wayne Chubb, vice president of the Juniors is attending a meeting of S. D. District vice presidents at the La Mesa Woman's Club clubhouse on Thursday of this week. Mrs. Robert McCray, vice president of the S.D. District will conduct the meeting.

AREA CHAIRMAN — Rene Collette (right) of 2520 Bonita, L.G., has been busy since mid-summer organizing precinct workers for Boosters for Building Grossmont College. With Mrs. Collette are Mrs. Frank Armstrong, (left) assistant area chairman and John Jensen, chairman of the Citizens Advisory Committee.
The group heads up the workers who will go door-to-door to answer questions about the $7.5 million Grossmont Junior College bond issue Tuesday.
More than 30 women have already volunteered but more are needed. Volunteers should phone Mrs. Collette at 466-9087 or Boosters officer at 465-1981.

B. of A. Opens L.G. Branch Tonight

Lemon Grove residents will be given a teller's view of a bank this week on Thursday, when Bank of America holds an open house preview of its new branch in this community.

The evening's activities will begin at 6:45 when bank officials and local dignitaries hold a colorful opening ceremony. Manager Jack Cummings will be presented a gold key to the front door of the branch by Ralph E. Windsor, vice president from the bank's Southern California headquarters. It is the third B of A opened in the area in a little more than a year.

Dignitaries from the area taking part in the ceremony will include Bob Vaught, president of the L.G. C. of C., and Sue Davis, Miss Lemon Grove.

Culminating the program will be the launching of a space capsule. The plastic capsule will be attached to a large cluster of helium-filled balloons which will carry it into the evening sky. Inside the capsule is a scroll instructing the finder to return it to the branch in exchange for a $25 savings bond. Units of the Mt. Miguel high school band will provide music.

Visitors will then be invited to inspect every inch of the 7700-plus square foot structure during the 7 to 9 p.m. open house, to see the massive vault, windowless teller counters, safe deposit boxes and night depository.

One of the interesting displays in the lobby will conjure visions of Dick Tracy and thrillers of TV. This is a display of actual counterfeit money confiscated by the U.S. Secret Service in raids on counterfeiters all over the country.

"Free samples" are always sought at a bank, but Manager Cummings says he will have some - but there's a catch. Visitors will have to win the "samples" by guessing the number of simulated gold coins in a mock satellite set up in the branch lobby. Prizes range from a $50 savings account down to $5, and the contest will continue for two weeks after the opening.

Light refreshments will be served throughout the evening and there will be souvenirs for both adults and children.

MT. MIGUEL PTA HOSTS SCHOOL EMPLOYES

Mt. Miguel PTA honored the teaching staff, the office workers and custodians at a luncheon on Sept. 6 in the school cafeteria. Mrs. Charles McMahan and her committee planned the buffet luncheon of ham, salads and dessert.

The next executive board meeting of the PTA will be in the cafeteria on Sept. 24 at 7:30 p.m.

Goat Dairyman Dies At 93

Roberts

The man who operated the well-remembered L. G. goat farm on Broadway near Sweetwater rd. for many years is dead. Alfred John Roberts, 93, a resident here for 40 years, died Sept. 4 at S.D. Convalescent hospital.

He was born in England and came to America with his parents when he was seven years old. He taught art in Rhode Island public schools for many years.

He operated the Acme Goat Dairy at his home at 8551 Broadway for more than 20 years. He had planned to close the dairy earlier but kept it going until the end of WWII to provide the product for children.

He spent much of his last 15 years painting and completed an oil seascape last month.

Memorial services were held Monday under the auspices of the Theosophical Society at Cypress View Chapel followed by cremation. Arrangements were handled by Conrad's L.G. Mortuary.

FEMALE PUPPY SEEKS MASTER

A little female Spaniel followed Kevin Long home Tuesday and Kevin's grandpapa Ray Graham is looking for the pup's owner.

Ray, who was formerly the editor-publisher of the L. G. REVIEW, said the dog "must be a spaniel because he has big ears."

The female dog with the masculine ears may be reclaimed at 7512 Roosevelt st., L.G. No reward is offered to the owners for taking her back, though, Ray said.

TWICE IN TWO YEARS

Grove Sailor Makes Habit Of Life Saving

A L.G. man was credited with saving a Pomona diner's life by quick thinking and application of mouth-to-mouth resuscitation.

The man, Petty Officer George Roger Hertel, whose L.G. address is 8437 Golden ave., was reported to have prevented tragedy at a friendly dinner gathering at Pomona Elks Lodge.

The victim, a 53-year-old bartender, also of Pomona, was resting at home this week following his brush with death.

Petty Officer Hertel saw Raymond Brown, the bartender who was eating a steak, fall backward from his chair, gasping for air.

Hertel, sitting two long tables away, grabbed his napkin and ran toward Brown.

"I cleared the food from his mouth with the napkin, and straightened his tongue. Then I began to blow through the napkin. That didn't work so I dug out some more food and pushed down on his stomach. Then the air began to come through," Hertel said.

"It took about 15 hard blows and alternate pushes on his stomach to get the air back out before he started breathing. His color returned but he was still pale," he said.

It is the second time Hertel has saved human lives. In 1960 while he was skipper of a mine sweeper, he located four persons who had been adrift four days in a boat in the ocean off Pan Pedro.

Hertel attended Lemon Grove grade schools. He has been in the Navy 14 years.

His parents, Mr. and Mrs. George J. Hertel, who live at the Golden ave. address, have been residents of Lemon Grove since 1931.

Rancho Elementary School PTA board members gave a luncheon for the staff and principal Samuel Miles on Sept 7. It was in the school cafeteria.

Zoning Set For 130 Campo Acres

SAN DIEGO (CNS) — Permanent zoning for about 130 acres in Spring Valley, on both sides of the proposed Highway 94 Freeway route, was approved Tuesday by the County Board of Supervisors.

The area is south of Campo and bisected by Campo rd. Action on permanent zoning has been held up until the State Division of Highways set the route for the new freeway.

The plan of zoning approved by Supervisors follows recommendation of the County Planning Commission as one that "reasonably fits both the present and relatively short-term future requirements" of the area.

The zoning calls for commercial use of a large portion of the areas along Bancroft and Campo.

LG Vogues Plan Membership Party Tuesday: Theme Is 'Circus'

The annual Membership Party given by the Lemon Grove Woman's Club, Vogue Section to honor new and prospective members, will be on Tues., Sept. 18 at the Woman's Club clubhouse at 8 p.m. Party theme will be "Circus" and it will be a costume party.

Hostesses for the evening will be Mmes. Willis Carr, Russell Foster, Harold Hatton and Paul Horner. Refreshments will be served and there will be door prizes.

L. G. Telephone Pole Involved In 2 Accidents

The same telephone pole that was sheared off by a high-speed fatal accident on Aug. 24 near Mt. Vernon and Imperial, was hit by another car on Sept. 1, resulting in injuries to driver Margie Lyman, 42, of 7315 San Miguel.

A S. D. girl, Bonnie Bloodgood, 18 died en route to the hospital after the 1959 Corvette in which she was riding struck the pole, moving the base 21 feet in the first accident. California Highway Patrol officer Charles Whiting said a manslaughter charge has been filed against the driver of the Corvette, Erline Bolsendahl of 1685 Watwood rd., L.G.

The CHP reported that the Corvette was traveling at speeds up to 70 mph when it went out of control late on the night of Aug. 24.

The CHP said that Margie Lyman, driving alone was not traveling over the speed limit. However, she was cited for making an unsafe turning manuever and for failure to drive in a traffic lane.

She is recovering from her injuries at home after being released from Naval hospital, it was reported.

The pole had been replaced, it was reported, and the second crash had a whiplash effect which broke it about three-fourths of the way to the top.

State Launches Orientation For Its Foreign Students

The first in a series of foreign student orientation programs at San Diego State began this month. "Operation Instant Friends," as the project is called, will be launched by 100 student-faculty families of San Diego State.

The families will host incoming foreign students in their homes the week of Sept. 3. The purpose of the plan is to introduce community life to the new students.

A special campus reception will be held Oct. 4, at 11 a.m., at the Scripps Cottage patio when the students will meet community people, students, and faculty. The incoming students represent 35 countries of the world.

The program is under the direction of Mmes. William Hanchett and Manville Petteys of the San Diego State's Faculty Dames and Mr. David Neptune, foreign student advisor.

The Junior College Story

Why $7,500,000 For A Junior College? Who Gets The Money?

Study In California Provides Answers

Why $7,500,000? Where did this figure come from? Where will the money go?

Grossmont College officials today said these questions are frequently asked as district voters are urged to vote yes on Tuesday, Sept. 18 on a $7,500,000 campus construction bond issue for the new junior college. The Institution is now sharing the Monte Vista High School campus.

The answers to the questions are found partly in a study, The Costs of Higher Education in California, prepared as part of the Master Plan survey in 1960 by the University of California regents and the State Board of Education.

Table 19 of the costs survey summarizes the capital outlay for the new campuses of American River, Antelope Valley, Bakersfield, Cerritos, Chaffey, Cealinga and Reedley junior colleges. The date did not include residence halls or stadium and were based on 1958 costs.

OTHER COSTS GIVEN

Per full-time student, the total campus development costs, including site, for these colleges were as follows: American River, $3,060; Antelope Valley, $4,980; Bakersfield, $4,300; Cerritos, $4,120; Chaffey, $3,530; Coalinga, $4,350; and Reedley, $4,190. The average for the seven institutions was $4,000 even.

The equivalent Grossmont College estimate is $3,000. Multiply this figure by 2,500—the number of fulltime students for whom the campus will be built—and the answer is $7,500,000

District school officials pointed out that the $3,000 figure, despite the rising costs of construction since 1958, is still lower than any of the seven colleges listed in the state study. District Superintendent Lewis Smith has stated this is possible because the district board believes "a quality campus can be constructed at the lower figure, based on their extensive experience in planning and developing high school facilities at minimal cost."

STADIUM NOT PLANNED

A stadium for the Grossmont College campus is not planned for the foreseeable future, Smith said, since adequate facilities will be available at either Gillespie Field or Helix High School.

As indicated by preliminary gross figures which are being used for master-planning for the Grossmont College campus, here is how the 320,740 square feet of building area will be used; academic and library areas, 73 per cent, and all areas combined, 27 per cent. The 73 per cent does not include the instructional facilities in the physical education center.

By square feet, the space breakdown is as follows:

Academic center, 60,720; mathematics, science, technology, 71,280; fine arts center, 58,240; physical education center, 40,000; student services center, including cafeteria and bookstore, 27,000; administration, including counselling offices, 18,500; and library-communications materials center, 45,000.

Rites Held For Lemon Grovan Killed By Car

Bonilla

Rosary was said for Juan G. Bonilla, 68, 7704 North ave., Lemon Grove on Tuesday night of this week at St. John of the Cross church in Lemon Grove, and Requiem Mass was held Wednesday morning. Bonilla died Sept. 8 from injuries suffered when he was struck by a car last Wednesday night as he crossed Broadway at Olive street.

A resident of Lemon Grove for 45 years, Bonilla was a native of Guadalajara, Mex. He is survived by his mother, Mary Bonilla; one brother, Michael; six sons, Jose, Rudolpho, Gilbert, Javier, Herny and John Jr.; eight daughters, all married—Paula Castellanos, Mary Cesena, Sara Nunez, Rosa Acosta, Eleanor Delgado, Dora Steiner, Connie Schuette and Helen Valderrma; 47 grandchildren and five great-grandchildren.

Interment was on Wednesday in Holy Cross Cemetery.

Witnesses said that Bonilla was crossing the street from south to north and that he was hit by a car driven by John F. May, 76, of 7150 Broadway. The accident occurred at 8:30 p.m. May told police he was unable to stop.

Pays To Advertise!

Marty's Muffler Shop, 7588 Broadway, L.G., Mr. and Mrs. Jim Meth, 3329 Alford st., L.G., and Helix Inside Pool Supply Co., 7566 Broadway, were victimized they claim by I. J. Unger, 30, S.D. on June 20 by false advertising representations which he made to them and for which he collected money.

Unger, they stated to the Sheriff's Dept. officers, sold them advertising on an electric clock, purported to be installed in the Lemon Grove Bowlero, and was to run for several months. Desiring to change the wording of his advertising for the second month, Martin Philip Heil, the owner of Marty's Shop, called the manager of the Lemon Grove Bowlero and requested the change. It was then he learned that the Lemon Grove Bowlero did not have such a clock and and it was claimed never had installed one.

WWI Vets Auxiliary Plans Potluck Meeting

World War I Veterans, Foothills Barracks 1774 and their Women's Auxiliary will hold their monthly potluck and meeting on Sept. 18 at the Lemon Grove Youth Center, south of the Food Basket Market.

Potluck time will be 6:30 p.m. with the meeting to follow.

All veterans of World War I are invited, said M. C. Elledge, commander. Main course of the dinner (which will fete the Auxiliary anniversary) will be turkey. Each one is asked to bring a vegetable or salad.

COUNTY SUPERVISORS ENDORSE FRANCIS ANTI-RED AMENDMENT

The County Supervisors Association of California added its name to a long list of state wide organizations endorsing Proposition 24, the Francis initiative constitutional amendment to combat communist and subversive activities on the November general election ballot.

Endorsement of the Francis anti-communist amendment was taken by the Board of Directors of the State County Supervisors Association at its meeting in Sacramento.

Other leading state wide organizations which have previously endorsed Proposition 24 to outlaw the communists and subversives in California include the American Legion, Veterans of Foreign Wars, Marine Corps League, Military Order of World Wars, Retired Officers Association of the United States, Pro America, Young Republicans of California, Daughters of the American Revolution and the American Council of Christian Churches.

School To Sell Off 4-5 Lots

Trustees of the L.G. school district Tuesday night approved a resolution to sell some of the property the district owns at San Altos school which it classed as "undesirable" for school use.

The board instructed Byron Netzley, school superintendent to put the property up for sale for not less than $10,500. The property, with 300 feet facing Madera street, is a long wedge in shape. Netzley said it would cut into four or five lots, depending on the way it was cut.

Netzley announced that school enrollment was 3,900, 100 less than last year but said the 4,000 total should be reached by the end of the week. Migration of some of the residents accounted for the loss, he said.

DRYDEN IS NEW PRESIDENT OF L.G. ROTARY

Bob Dryden

Bob Dryden, manager of the L.G. branch of the U.S. National Bank, this week was named president of the L.G. Rotary club. He succeeds Joel Artavia who resigned the presidency and the club. Artavia had been at odds with his board of directors concerning club operation.

Dryden was vice president of the club. He was installed in June at the time Artavia was installed as president.

Moving up to the vice presidency is Dr. Sam Smith. Carl Johnston, partner in the Breise-Johnston Flying Service, was named to fill the vacancy on board created by the change-about.

Dryden is a member of the board of trustees of the Grossmont Union high school district.

Liquor License Application Protested By S.V. School Trustees

The La Mesa-Spring Valley School District board of trustees, at its Tuesday night meeting decided to protest a liquor license asked for a Spring Valley place of business. The place is the former Midget Mart at 9033 Campo rd. and the applicant is James R. Campbell. Application was made for an on-sale general for a bonified eating place. The notice on the building was posted Aug. 13. The school protests on the basis that the business place is 600 feet from the Spring Valley Elementary school. In reviewing the history of such considerations, protests have been filed in every instance where the location approaches a distance of 600 feet, a spokesman for the District said.

In other business the school board voted to adopt the A-B-C-D type of report card this school year. The card was recently developed by Dr. Edward Smith, member of the board. To clarify the ratings: A is excellent; B is very good; C is fair and D is below average. The card will be used in essence the first report period in the District, but the mechanics of the system will be worked out as time goes on.

H'w'y Dept. To Change Road Signs

The State Highway Dept. is going to change the signs along Campo rd. changed in line with the request made by the S.V. chamber of commerce, chamber members were informed Tuesday. Several weeks ago the chamber requested that the sign on Campo rd. near Hollyhock lane, indicating the Spring Valley boundary, be moved east to Avocado blvd. and that a second sign at Merritt blvd. be moved west to a point near the Highway 94 cloverleaf. The state approved the relocation of both signs.

In other business, the board accepted with regret, the resignation of board member Charles Lambert, who moved to San Diego. He had been on the board for two years, and was chairman of a committee which had been active in combating the sewage treatment plant odor problem over a period of many months.

Warner Memorial Church Of S. V. To Observe State-Wide Centennial

Warner Memorial Evangelical United Brethren Church of Campo rd., Spring Valley, with Rev. Philip Strickler as pastor, this coming Sunday will join with 45 other California churches of the same denomination in celebrating Centennial Sunday. The local church at the 10:30 a.m. service will have Professor (Rev.) J. R. Davis, a history professor at La Verne (Calif.) College as guest speaker. He will talk on the history of this church. Professor Davis is an authority on the subject. A history book he wrote will soon be off the press.

At the 7 p.m. service church members will present a play on church history. Rev. Strickler invites all persons.

About the history of the Evangelical United Brethren Church: On Sept. 12, 1862 four ministers gathered in a country schoolhouse in Yolo County, Calif. and there formally organized a mission conference of the Church of the United Brethren in Christ of California. an action which had been authorized by the General Conference of the Denomination at Westerville, O. on May 13. 1961.

The Evangelical United Brethren Church in California has grown to over 10,000 members.

The Evangelical United Brethren Church was formed out of a merger in 1946 of the Church of the United Brethren and the Evangelical Church, the latter having come to California in 1834 in the person of two missionaries in San Francisco and San Jose. Together, these churches are the oldest Protestant Denominations in the U.S., dating back to 1774 the eve of the American Revolution. Originally ministering to German people here, the church has enlarged its ministry to nation and world-wide of all races and backgrounds.

Nat. City Man Hurt In Accident On Helix St.

A National City man was hurt in an auto accident, a Spring Valley resident was dead when the ambulance crew arrived, a small child suffered from a cut head and children playing with matches again started a fire. These were the highlights of the Spring Valley Fire Dept. during the week of Sept. 4-11.

A two-car accident at Helix and Harness sent a National City man to Grossmont Hospital with serious injuries Sept. 7. According to the Calif. Highway Patrol a car driven by Ernest A. Looney of 3658 Niblick dr., Brookside east bound on Harness dr., Harry Franco, 20, of National City, Looney's passenger, was seriously hurt. The second car, driven by Charles M. McClellan also of National City, was going north on Helix. At the intersection McClellan's car ran into the right side of the Looney car. Passenger Franco was taken to Grossmont hospital in the S.V. ambulance. Looney was cited for failing to yield the right of way.

John E. Lilyblade, of 9168 La Mar st. was dead when the ambulance arrived at his home on Sept. 4. Funeral services were held last week.

Karen Tobin, 1½-year-old daughter of Mr. and Mrs. Dennis Tobin of 8747 La Mar st., was given first aid Sept. 9 for a severely cut head after she fell at home.

Mrs. Nesa Lambert, 79, of Bellflower, visiting at the Sweetwater Lodge on Jamacha blvd. on Sept. 6, was taken to Grossmont hospital after becoming ill.

Only one fire was reported for the week. On Sept. 5, there was a small grass fire started by children on Helix st.

Today Is Last Day To Register To Vote

Mrs. Charlotta Phillips, 3546 Helix st. (HO 6-4209), deputy registrar of voters for the Spring Valley area, reminded everyone who is not registered, that today (Thursday, Sept. 13) is the last day to register to be eligible to vote in the Nov. 6 general election. She will sign people up until the registration book closes at midnight.

Mrs. Phillips said there are one million voters in the State of California who are unregistered.

'American Heritage' Theme Of S. V. Parade

The third annual Spring Valley parade is scheduled for Sunday, Oct. 28 at 1 p.m. on the newly - constructed Highway 94 (Campo rd.), between Conrad dr. and Cordoba ave. in the Casa de Oro area of Spring Valley, parade chairman Frank Davis said this week. Theme for this year's parade is "America Heritage" with many floats, bands, and specialty acts participating from surrounding communities.

The S.V. Chamber of Commerce, sponsor of the parade will unveil an exciting new float being designed and built by the Casa de Oro Woman's Club.

Chairman Davis said the deadline for entries will be Oct. 1. He said it is anticipated that the parade will attract 50,000 spectators.

C.d O.C.C. Float To Go In Parade

The Casa de Oro Chamber of Commerce meeting Monday night, voted to enter a float in the third annual Spring Valley parade. President of the CDO Chamber, Les Hansen, said his organization will work closely with the S.V. Chamber in promoting the parade. The parade is scheduled for Sunday, Oct. 28 at 1 p.m. along Campo rd. in the Casa de Oro area. Hansen said also that the Casa de Oro Chamber plans to have a carnival prior to the parade to raise money for street flags.

The Casa de Oro C. of C. meets the first Monday of each month at 7:30 p.m. in the Bank of America, Conrad and Campo rd. President Hansen encourages all businessmen to attend as much help will be needed with future projects.

WELFARE SCHOLARSHIP AWARDS ARE MADE HERE

SACRAMENTO (Spcl)—Sixty-seven men and women, four from S.D., are enrolling in graduate social work schools this month under child welfare service scholarships awarded by the State Department of Social Welfare.

The scholarships involve an expenditure of $194,712, averaging about $2,900 each. The funds stem from the $1,435,000 allocation of federal child welfare service money earmarked for California in the current 1962-63 fiscal year.

Recipients of the awards include workers granted leaves from county welfare departments, other experienced social workers, and recent college graduates. Upon completion of the graduate training, all are committed to work for at least one year in the child welfare program of a county welfare department in this state for each year of graduate study. Graduate study covers a two-year period, and a number of these scholarships are for the second year.

JUNIOR COLLEGES MUST HAVE OWN FACILITIES ACCREDITING ORGANIZATION TELLS HANSEN

The executive secretary of the Western College Association—the accrediting body for all California collegiate institutions, including junior colleges—declares that the WCA feels it is essential that junior colleges have college facilities.

Dr. Mitchell Briggs, in a letter to Grossmont College President John S. Hansen, was referring to the matter of the future accreditation of Grossmont College, which is currently sharing the Monte Vista High school campus in Spring Valley.

A $7,500,000 bond issue to build facilities for the new junior college on a Fletcher Hills site is on the Tuesday, Sept. 18 ballot.

"You have served as chairman and member of many of our junior college accrediting teams," Dr. Briggs wrote to President Hansen, "and therefore you know how much importance the association attaches to adequate physical facilities. They don't have to be fancy, rich, or extravagant, but they do have to be college facilities. I know you have been improvising this first year in high school surroundings, and that it is all right as a temporary expedient, but to plan a permanent college program in such facilities would be equivalent to putting a high school physics or chemistry class in an elementary general science room."

The implication of this statement, President Hansen said, is that future accreditation of Grossmont College is definitely in jeopardy unless the college moves to college facilities.

CJC ASKING CIVIC ORGS TO BACK ATHLETIC PROGRAM THROUGH TICKET SALES

Community support for the Grossmont College athletic program has been solicited in letters mailed to prominent civic organizations recently, it was announced by the office of John A. Burdick, Dean of Student Affairs. Community assistance is important since gate receipts and student body funds are the only means of financing the athletic program.

Each civic group has been asked to pre-sell football tickets at a price that will allow a sizable return to the organization doing the selling so that they will have funds for their worthwhile community projects. It is hoped that this joint effort will develop a first year following for the Grossmont College Griffins as they enter the strong Eastern Conference.

Among the clubs contacted for support of the local college were: Spring Valley and Lemon Grove chambers of commerce, Kiwanis clubs from each community area, S.V. and L.G. Lions clubs and the L.G. Rotary club.

Further information regarding tickets may obtained by calling the college at HO 5-1700, ext. 10, the office of student affairs.

John Lilyblade Funeral Held; From S. Dakota

Funeral services for John E. Lilyblade, 52, of 9168 La Mar st., Spring Valley were held Friday, Sept. 7 at Erickson-Anderson Mortuary, La Mesa with burial in Mt. Hope Cemetery. Rev. H. W. Mitschke, pastor of the Redeemer Lutheran Church of San Diego officiated. Mr. Lilyblade died Sept. 4 in a hospital.

A native of South Dakota, Mr. Lilyblade had lived in San Diego County 11 years. He was a carpenter and belonged to the San Diego County District Council of Carpenters, El Cajon Local 2398. He is survived by his widow, Esther of La Mesa; four daughters, Mrs. Rae Jean Atkins of Spring Valley, Diane Lilyblade and Mrs. Judith M. Anfenson both of La Mesa, and Mrs. Karen Mosher of Greenville, N.C.; a son, Jack E. Lilyblade of Costa Mesa, Calif.; three sisters and five brothers, all out-of-state.

Vote "YES"

GROSSMONT J.C. BONDS

TAXPAYERS!

It Costs You MORE if Junior College Bonds Are Defeated

WHY?

Because students will exercise their legal rights and register in Junior Colleges outside our district and you taxpayers will be FORCED to pay much more per pupil than you will if we build our own J.C. — There will also be ADDED COSTS of longer transportation for STUDENTS & PARENTS Plus loss of Faculty & Employees purchasing power in our community.

Providing permanent facilities will assure all residents, of whatever age, an opportunity to obtain a higher education, thereby raising the general educational level of the community. At the same time, the college will contribute to the economic well-being of the community as it is estimated that approximately 80 per cent of the annual operating budget will be **spent in the area** each year in the form of salaries, purchases, and expenditures.

Cost to the student and parent is **lower in junior college.** The junior college is **tuition free** and is located in the community where the student **lives, thus** placing higher education within reach of all who desire and can profit from it.

Cost to the taxpayer is lower in junior college. Current expenditure per student in the **junior colleges** averages **$600 per year** compared to $900 in state colleges and $1500 in the state university.

County-wide Study Made

Civil Defense Survey Reveals 448 Potential Fallout Shelter Buildings

The preliminary part of the Federal Fallout Shelter Survey in San Diego County, known as Phase I, has been completed, Admiral J. R. Davis, director of the Southwest Division, Bureau of Yards and Docks, 11th Naval District, announced.

The initial survey has identified 448 buildings in the county as having some potential protection as shelter in case of a nuclear war, E. Bruce Love, Adm. Davis' special civilian assistant announced. Results of the survey have been turned over to the Unified San Diego County Civil Defense organization, he said.

5 FIRMS HIRED

The government hired five architectural and engineering firms to conduct the first phase of the survey at a cost of $104,000.

Negotiations for contracts to conduct phase II are currently under way.

The survey covers only public or semi-public buildings. The first objective was to identify the buildings that offer minimal protection based upon thickness of walls and ceilings, number of windows, basement space, etc.

Phase II will involve closer study of the 448 buildings. Love said the surveyors will take a closer look at the radiation shielding capabilities of the structures and recommend needed structural improvements to increase the factor, thus making them safer.

They will also study the ventilation and lighting and determine total shelter capacity and space needed for storage of supplies, he said.

Phase II will be completed by August 1.

75% IN SAN DIEGO

"Approximately 75 per cent of the buildings identified as possible shelters during phase I are located in the city of San Diego," Marty said. "No mines, tunnels or caves are included as yet."

It is expected that the next phase of the federal survey will result in weeding out more than half of the 448 buildings, the CD administrator said.

One additional objective of the next part of the survey will be location of a federally-owned building with at least 50,000 square feet of space for storage of emergency food, water, medical supplies, radiation monitoring kits and other shelter supplies. This will be identified as a warehouse to stock supplies to be distributed to those places finally marked as public shelters, he said.

Water lost from reservoirs in the 17 western states by evaporation and consumption by trees and plants is twice the amount used for public supplies in the entire country.

False Claims Plague GJC Election

The following facts to enable voters to evaluate distorted statistics, circulated in the Grossmont Union High school and Grossmont College Districts by an opponent to Grossmont College, have been taken from official school records. According to school officials methods of calculating current expense of education and Average Daily Attendance (ADA) are based on rigorously prescribed state requirements.

The opponent to the college seems to lack understanding that enrollment and ADA figures are NOT interchangeable. A further distortion has occurred because the opponent has included capital outlay, reserve funds, and building program costs pertaining to the Grossmont Districts but has excluded these items from calculations concerning other districts and schools. Cost figures for the Grossmont District are made to appear excessive.

These figures have been used in an effort to discredit the Grossmont District and to defeat the junior college building program at the September 18 election.

CLAIM: The estimated enrollment of 1,417 students for Grossmont College will be closer to 1,100.

FACTS: By September 7, 1,339 day students and 700 evening students had enrolled. Late registration will bring enrollment to 1,500 day students and over a 1,000 evening students resulting in an ADA equal to or more than the original estimate of 1,417.

CLAIM: Cost in the Grossmont College District based on 1,417 students (ADA) will be $772 per student.

FACTS: Cost in the Grossmont College District based on 1,417 students (ADA) will be $614 per student. The inaccurate claim is based on a figure which includes community services, capital outlay, and reserve funds. The opponent of the college has improperly included in his computation $220,680 for these items which under state regulation are excluded from current expense of education. (According to state regulation capital outlay is not included here because the money spent extends over many years and cannot be considered current. Reserve funds are not budgeted expenditures and so can not be counted.)

CLAIM: Grossmont College District can save $378,000 by sending 1,417 students to San Diego City College this year.

FACTS: Grossmont College District would lose $140,550 in this one year. Total cost (including capital outlay) for 1,417 students at home would be $994,467. Total cost (including capital outlay) of sending 1,417 students to SDCC would be $1,135,017 or $140,550 more. The opponent omitted in his calculation the $300 building use fee required. The true cost per student would be $801 if Grossmont College has no building program. There is some hope for reduction of the $300 charge if Grossmont College District approves a building program.

FORMER PRESIDENT TRUMAN TO POLITIC HERE THIS WEEK

Former President Harry S. Truman returns to the political wars this week as he hits the campaign trail on behalf of California's Democratic candidates from San Francisco to San Diego.

The 33rd President of the United States will arrive in S.D. Thursday at 3:30 p.m. for a press conference in the U. S. Grant Hotel. That evening there will be a reception in his honor in the Pavillion Room of the Grant following which he will address a dinner arranged by the San Diego County Federation of Labor in the hotel's Palm Room.

NEW BUS SERVICE BRINGS BIG TURNOUT FOR SUNDAY SCHOOL

More than 200 youngsters attended Sunday School last Sunday at the Spring Valley First Baptist Church. The attendance has been on the increase since the church began bus service several weeks ago.

The Men's Fellowship group will hold their monthly dinner and meeting Sept. 21. Guest speaker of the evening will be Jacob Dekema, chief of the San Diego Division of California Highways.

Several laymen of the church are to attend the American Baptist Laymen's annual conference this weekend at Thousand Pines. Nearly 1,000 men from Southern Calif. are expected.

Several women of the Women's Missionary Society of the church will attend a rally at Ocean Beach Baptist Church on Sept. 25.

Plans are underway for a Southern California American Baptist Association Conference sometime in October.

Sunday services at the church are 8 and 11 a.m. and 7:30 p.m. Rev. Roland Taylor, pastor was away early this week, so no text has been reported.

BRAASCH'S SHIP IN "SEA FAIR" FESTIVITIES AT SEATTLE FAIR

— Robert C. Braasch, seaman, USN, son of Mr. and Mrs. Morris C. Braasch of 3737 Grove st., Lemon Grove is serving aboard the amphibious force flagship USS Estes which is participating in the annual "Sea Fair" festivities at Seattle.

Representing the First Fleet, the Estes is one of many ships which took more than 3,000 Bluejackets to the Northwest for the event.

The "Mardi Gras of Seattle," the Sea Fair will be highlighted by the world's championship unlimited hydroplane race on Lake Washington.

Big Turnout Seen For $100 GOP Dinner

A near-capacity crowd is expected to hear Sen. Barry Goldwater, hard-hitting Arizona conservative, when he speaks on Wednesday at El Cortez Hotel at the GOP $100-a-plate dinner.

The senator will fly here with Mrs. Goldwater from Phoenix, Ariz. after interrupting a busy schedule in Washington, D.C.

Goldwater had not announced the topic of his talk but it is expected to be "timely" and delve into the reasons for President Kennedy's failure to win Congressional support for his key bills.

This will be Goldwater's only appearance this year in San Diego. He will be introduced by Ronald Reagan, the actor and television personality who has opposed the growth of Communism in this country. Rear Adm. Leslie Gehres, county Republican Central Committee chairman, will be honorary dinner chairman.

Earlier Richard Nixon, Republican candidate for governor, wired his support of the fund-raising effort to the dinner committee headed by Dr. Gaylord B. Parkinson. Nixon said success of the dinner was essential to Republican candidates vying for election in November.

Short Life Record Set For 'Like-New' Auto Tire

Tires are reputed to have years—long life but some sort of a record for short life was recorded here recently when two motorists got only fifteen minutes service from a like-new tire.

The men, Richard W. Card, 22, 7287 Blackton dr., L.G. and Darrell Dean Clark, 23, 4153 Rolando blvd., S.D. only enjoyed the use for 15 minutes of the white sidewall tire and wheel. They had allegedly stolen it at 3:30 a.m. on a Monday from the car of Charles L. Bobo, 3617 Birdie dr., L.G.

The noise of Card's '57 white Ford awakened Bobo's neighbor W. H. Davies, 3624 Birdie dr., who called the sheriff's dept. after he observed the men at work.

Fifteen minutes later the Sheriff's unit which was hunting for a white car on a hit-and-run alert a few minutes earlier, spotted the car at the Union station at 8465 Broadway, Lemon Grove.

While there they received an alert on the tire theft. They found the missing tire on the right front wheel of the Ford and Card's tire, damaged from a collision, in the trunk.

Both men were taken to County Jail.

'Urgently Needed' Highway Construction Projects Announced

State highway construction projects, selected by San Diego County business, farm, and highway leaders as being most urgently needed in this area, were presented to the California Highway Commission on Aug. 22 by the California State Chamber of Commerce. Local ones are:

Sign Route 94; Legislative Route 200; Spring Valley to Route 80 at White Star, continuing program. Improve most deficient portions of existing highway.

Sign Route 94; Legislative Route 200; Sign Route 67 near La Mesa to Jamacha Junction, continuing right-of-way acquisition. Proposed name: Helix Freeway. Freeway construction.

Legislative Route 285; FAI 805; south of Sign Route 94 to Leg. Rtes. 280 and 282 near Sweetwater Lake. (Proposed name: San Miguel Freeway).

Education Is Potent Weapon Says L.G. Man

"Our country is ours to preserve and we can do so if we realize that education is our most effective weapon," said Allen Evans in an address before the Native Sons of the Golden West last week in the El Cajon library. A member of the Lemon Grove Toastmasters Club, Mr. Evans of 2626 Corona st., L.G. is associated with the Boosters For Building Grossmont College and their efforts to win a 66-2/3 majority of yes-votes in a special bond election September 18.

A retired navy officer and a student at San Diego State College, Evans emphasized the need for more education for more people to meet the problems of modern living. He urged members to consider the advantages to young people and the community of having a junior college in the Foothills area. A college at home will make higher education possible for many students who would otherwise be unable to have it because of economic pressures. The community benefits economically as well, since building a college at home costs $4.5 million less than paying out of district fees for junior college students as California laws provide.

Mr. Evans, who is majoring in elementary education, pointed to the growing enrollment of Grossmont College now in operation afternoons and evenings on the Monte Vista site and underlined the need for the college to have buildings of its own in which to work.

Carol Prasser Is Bride

Mr. and Mrs. Robert S. Boelter

Miss Carol Yvonne Prasser, daughter of Mr. and Mrs. Charles Prasser of 1951 Avon ln., Spring Valley became the bride of Robert S. Boelter of Burbank, Cal., in a double-ring ceremony in the First Methodist Church of Burbank on Sat., Aug. 25. The Rev. C. A. McCain officiated.

The bride chose a gown of imported peau de soie with alencon lace applique trimmed with seed pearls and sequins. With it she wore a pearl studded tiara with illusion veil and a single strand of pearls, a gift from the bridegroom.

Maid of honor was Marjorie Gibson of Los Angeles. Joyce Good of La Mesa was a bridesmaid. Other bridal attendants were Miss Sue Spillisbury, Mrs. John Kloetzel and Mrs. Alfreda Jacobson of the Burbank area. Mrs. James Hoffman of Clairemont was organist. The church's Chancel Choir sang.

The bridegroom, son of Mrs. Spencer Boelter and the late Spencer Boelter of Burbank, was attended by Jack Hecketswieler of Burbank as best man. His other attendants also were from the Burbank area.

Some 350 attended the reception in the church social hall. Another reception was held locally at the Prasser home on Aug. 29.

The new Mr. and Mrs. Boelter are making their home in Altadena until he completes his tour of duty with the Army in which he is a communications specialist.

The new Mrs. Boelter is music director in the Burbank church and is on the faculty at the University of Southern California in the preparatory division. She holds degrees in voice and music from S. D. State College (B.A.) and USC (M.A.)

Casa De Oro Holds Faculty Welcome Luncheon

The annual "welcome teachers" luncheon of the Casa de Oro PTA was held Thursday of last week in the school cafeteria, with Mrs. Edward (Anita) Gurling, president as head welcomer. Mrs. Gurling introduced Vincent Toth, principal, who in turn introduced his staff of teachers and other employes.

Before introducing his staff, Toth said he had just come from a county meeting, at which it was pointed out that San Diego County schools are among the upper 10 per cent of the nation's schools. He complimented his teachers on their ability and said Casa de Oro School has always been fortunate in acquiring the best teachers.

Teachers introduced were: Mrs. Ruby Becker and Mrs. Nancy Hinkle, kindergarten; Ruth Cargile, Florence West and Helen Geer, first grade; Mrs. Richard Moody, Janet Stearns and Kathy Fowler, second grade; Mrs. Auburn Davies, Mrs. Fern Lewis and Mrs. Mary Carlson, third grade; Catherine Lindsay, Mrs. Helen Weyhgandt and Mrs. Evana Phegley, fourth grade; Mrs. Mary Menzies and Mrs. Zelma Urich were introduced as two who will be teaching at Kempton St. Elementary School when it has been built.

Fifth grade teachers are Mrs. Virginia Zysk, Mrs. Helen Sunderson and Helen Diamond; sixth grade, Duane Hall and Virginia Sardella; Wesley Safford will be principal's assistant; Miss Pat Brennan, nurse at both CDO and S.V. Elementary. Mrs. Wilma Walker and Mrs. Ruth Ebright, cafeteria; Al Bauers, Clyde Smith and Jake Edwards, custodial crew.

Mrs. Sid Kent To Provide Program At Lionesses Meeting

The Spring Valley Lionesses will have their first meeting after adjournment for the summer on Sept. 13 at Singing Hills Country Club. Mrs. Sid Kent, new president, will preside.

The officers for the new year are as follows: Mrs. Sid Kent, president; Mrs. Fred Sherman, vice president; Mrs. John Elliott, secretary, and Mrs. Dale Woods, mane puller.

The program for the evening will be furnished by Mrs. Kent, who will show colored slides of her trip through Europe this summer when she and her hsuband attended the Lions International Convention in Nice, France.

WEAK STEMMED ROSES

Some varieties of roses naturally have weaker stems than others but in other cases, the stems become weak because the plants are not receiving proper sustenance and vitality from the soil.

In any case, it is advisable to give a treatment with a chelated trace mineral product to supply the minerals in which they are no doubt deficient. If you gave your roses a treatment with a trace element product in the early spring, they are now ready for another. If you didn't give them that first treatment, don't neglect doing it now because their need for it is just twice as great.

When you cut your roses, always take care to cut to a strong, healthy bud. Remove faded flowers at least once a week to encourage new flower stem development. And, of course, never allow the petals or blooms to fall and acculuate on the ground because they could easily become infested by fungus and spread the disease to the plants.

UNITED COMMUNITY SERVICES SET GOAL OF $3,883,773

The new United Community Services of San Diego County has opened its first annual campaign to raise a goal of $3,883,773 in support of more than 65 agencies throughout the county.

Three campaign divisions are engaged in the first round of kickoffs. They are the military division, which covers all uniformed and civilian employes of the armed forces located or based in San Diego County; the major corporations and employes division, comprising firms employing 50 or more persons, and the special groups division, which includes in-plant employe contribution groups and Association of Independent Donors chapters.

KIWANIS SLATE TREE, SHRUBBERY PLANTING FOR S. V. BEAUTIFICATION

The Spring Valley Kiwanis Club this past week began making plans which they hope will be of benefit to the entire Spring Valley area. One committee has been formed to begin an area beautification program for the planting of trees and shrubbery for Spring Valley. S.V. Kiwanis President Elmer Lash said a resident does not have to be a member of the club in order to help with the program. He said everyone should take it upon himself to participate and to help to make Spring Valley a more beautiful place in which to live.

S.V. Kiwanis also is making plans to participate in the third annual Spring Valley parade, scheduled for Oct. 28 along Campo rd., in the Casa de Oro district. Last year the parade was held along Elkelton blvd., in South Spring Valley. The Kiwanis had an entry in that parade—a decorated car from which several Kiwanians threw candy to the children. (They disposed of a couple of hundred pounds of the sweets).

As a project for local children, the S.V. Kiwanis Club plans to participate in the International Kiwanis "Kids Day" scheduled for Friday, Sept. 22.

With S.V. Fire Chief Frank Berger as chairman, the S.V. Kiwanis Club's public relations committee is planning a monthly bulletin for the club to be distributed the first Wednesday of each month.

Another important committee of the Kiwanis Club which has been very active, is the public affairs committee which has—and still is—urging voters to go to polls on election day. With the Grossmont College bonds on the ballot Sept. 18, the committee asks every eligible voter to get out and "VOTE."

C.A.P.S.B.O. MEET SET

The regular meeting of the Calif. Assn. of Public School Business Officials will be held Sept. 20 at the S.D. Education Center auditorium, it was announced this week by Alma Hogan, program chairman.

Dr. Cecil Hardesty, county supt. of schools and Kenneth Zumwalt, feature editor, S.D. Union will be speakers.

Mrs. Hogan works for the L.G. Elementary School District.

LG-SV Survey Shows Real Progress Taking Place Here

By Tommy Thomas

The Lemon Grove - Spring Valley area is continuing to progress. New business and professional buildings and new homes are being put in at a steady rate and it is indicated that the population will show great expansion in the coming few years, according to a survey of the area last week.

A bright new business that is providing a new activity for local people, especially the younger set is the Skyline Rollarena, a skating rink which has opened on Cardiff st., in Lomita Village. Started by Lyle Cunningham and Max Gamet, the Rollarena reportedly will be the second largest roller rink in the county.

Skyline Rollarena has a beautiful spacious floor of 11,500 square feet of hardrock maple. This skating area, made of enlarging facilities for the outdoor-minded in this area. The club has also paved its parking lot.

NEW HOMES PLANNED

Where Broadway meets Highway 94 at the northeast reaches of Lemon Grove, 116 classy new $24,000 homes set off by a 13-acre recreational area will be started soon by Sam Harris and Associates of Lemon Grove.

Sam Harris said that models of the homes will be open for public inspection within two months.

The Carman Ranch Club on Sweetwater rd. has been adding a large new unit to be used with the two already existent swimming pools to make recreational facilities more complete. The club has also paved its parking lot.

The R. W. Johnson Co. of San Diego has contracted to build the new Spring Valley post office. Land is being cleared at the Sweetwater rd. and Jamacha rd. intersection. Groundbreaking is expected in September, the company announced, saying that the government had not yet released plans for the building. Plans are to have the new post office completed to take care of the 1962 Christmas mail rush.

LIBRARY BY THRIFTIMART

The new library for south Spring Valley will be housed in the Bollenbacher and Kelton building at the Thriftimart shopping center at Elkelton and Jamacha. A "B and K" spokesman said last week, however, that San Diego County hadn't okayed the building but that the library will be open in early September.

Equipment belonging to the John W. Haynes Construction Co., may have been noticed by local people parked at 305 Sweetwater rd., will be moved to the new quarters being prepared by the firm at 9302 Jamacha rd., on a two-acre site.

Their new yards should be ready in mid-September, the firm said, explaining that the proposed freeway beltline brought about their departure from their original quarters.

Room for 50 new trailer spaces in the TraileRoyal View Terrace at 1200 Grand ave., should be ready sometime in October, Ray Purtee, owner said this week. He said it will give the park a total of 53 spaces. The paving of the roads and driveways being done by the B and B Paving Co., is about completed. The attractive rock work for the new spaces has been done by Ray Purtee and his crew.

CHURCH BEING BUILT

A new church, the Bible Baptist at 730 Conception st., in south Spring Valley has been started. The framework is up, and it was reported much of the work is being done by volunteer labor. The Bible Baptist Church operates under the Baptist Fellowship, with Rev. J. T. Wood as pastor. The congregation meets (temporarily) at 9242 Jamacha blvd.

New paved roads are going in and new homes being built in the Jamacha Knolls area along and back of Jamacha blvd. It was reported that these new homes are being occupied rapidly.

Back along Campo rd., the new building at Kenora dr. and Campo rd., west of Foster Freeze is looking up. This building, which will have six sections, will house the new Casa de Oro branch of the County library; an attorney, Mrs. Minnie N. Maguire (now in San Diego; (she lives in La Mesa); a dentist, James Bench, who now lives at 1252 Elkelton blvd. (he just finished four years in the Army); a doctor's office (yet unrented); a large room fit for a store or office space; and a back office room fit for desk spaces (also unrented at the present time).

SOFT-LIGHTING PLANNED

The roller rink that has opened in Lomita Village has a soft-light lighting system of different colors designed to be easy on the eyes. It is illuminated by 15 floodlights. The foyer of the building is carpeted and owners Cunningham and Gamet had a modern interior anti-fire sprinkling system installed.

Cunningham and Gamet are members of RSROA, Roller Skating Rink Operators of America. Two instructors—Bill Worth, a pro skater known throughout southern California and Eddy Greaser, his assistant—make up the staff at Rollarena.

Gamet said it's their intention to make Skyline Rollarena a family place. Mondays are for private parties, and every other week night the rink is open to the public from 7:30-10:30 p.m. There are skating matinees on Saturdays and Sundays from 2-4:30 p.m. Wednesday mornings will be set aside for skating classes for women.

The Harris Co. also has another project going. It is an apartment house project at Massachusetts and Waite dr. in Lemon Grove. Forty-four single units of single-story, two-bedroom apartments are to be constructed on three acres. The units will be rentals. A swimming pool will enhance their value for California outdoor living, as will 140-square foot inside patios and 180-foot outside ones.

Football Carnival Saturday To Start New Season Of Pop Warner League

Pop Warner football gets started in the county this season at a kickoff carnival this Saturday which will be held in many locations simultaneously beginning at 1:30 p.m.

The Spring Valley - Lemon Grove area is represented in the Pop Warner League by Los Toros Football Club, the boys of which are reported ready to go. The Peewees of Los Toros were undefeated last year. They will play South Bay Saturday.

The Midgets will go against East San Diego at Clairemont, and the Junior Bantams are to vie with El Cajon at El Cajon.

Peewee coach from last season, Art Taylor is coach again. He is assisted by Jim Banks and John Sexton. Coach for the Midgets of Los Toros is Al Burke, and Bill Standly is Junior Bantam coach.

The regular Pop Warner season begins Sept. 22. Each team will play 10 games. In this Saturday's Football Carnival, all Pop Warner teams will participate, playing for 15 minutes apiece.

ASSIGNED TO SHEPPARD AFB

LACKLAND AFB, Tex.—Airman Basic William A. Maddalena, son of Mr. and Mrs. Anthony A. Maddalena of 4211 Camino Paz, La Mesa is being reassigned to Sheppard AFB, Tex., for technical training as a United States Air Force communications center equipment specialist. He is a Monte Vista High graduate.

Mettle Test Due Chargers Sunday

SAN DIEGO—The San Diego Chargers, proud champions of the American Football League's Western Division for two years have a "premature" opportunity to demonstrate their true battle line to home folks Sunday, when they host the Titans of New York at Balboa Stadium. The kickoff is set for 1:35 p.m. (PDT), with ABC televising the action from coast to coast—Southern California, from Los Angeles south, will be blacked out. The game will be broadcast over the Chargers' radio network—Lyle Bond and Lute Mason will handle the commentary—with KFMB (540 kilocycles) the local outlet.
